

Igor Kłusek

Frontend / Backend developer

I have been developing into a full-stack developer since March 2022. Since June 2023, I have been working as frontend developer for web applications. Additionally, I am interested in the gym, salsa and playing the guitar.

10.2018 - 01.2022 **AGH University of Science and Technology**

Engineer's degree, Automatic Control and Robotics

09.2014 - 05.2018 **Zespół Szkół Technicznych im. I. Mościckiego w Tarnowie – Mościcach**
IT Specialist

PROJECTS

HotShoot.tk (Full-stack) - project of a laptop store, whose frontend and backend I have been developing since August 2022.

- **Main functionalities:** user authorization, extended shopping cart, support for promotions, filtering products, account management, managing user orders, creating recipient templates, advanced comments section, articles, contact form, print PDF, RWD design
- **Tech-Stack:** TypeScript, NodeJS (Express), React, Redux-Toolkit, MongoDB, JWT-Authentication, Stripe-Payments, Axios, Styled-Component, Vite
- **Frontend:** <https://github.com/lamIGI/ComputerShop-typescript>
- **Backend:** <https://github.com/lamIGI/Computer-Shop-Server>
- **Project board:** <https://github.com/users/lamIGI/projects/1/views/1>

PALETYEURO - company website built based on my own design in figma.

- **Main functionalities:** Welcome page, contact form, interactive map, a simple shopping cart
- **Tech-Stack:** Next (React), typescript, nodemailer, google-maps, Figma, scss, RWD
- **Website:** <https://pallet-sale-office-company-website.vercel.app>
- **Github:** <https://github.com/lamIGI/Pallet-sale-office-Company-website>

TranslatorApp (Frontend) - app uses external service, that allow to translate every language and then display it is user friendly way.

- **Main functionalities:** Big language data, save history and favorites translations, dark mode, RWD, LS usage.
- **Tech-Stack:** Svelte, Typescript, scss, translateplus.io
- **Website:** <https://translator-app-six-chi.vercel.app>
- **Github:** https://github.com/lamIGI/Translator_app
- **Project board:** <https://github.com/users/lamIGI/projects/12>

CommentSection (Full-Stack) - comment section where user manage his comments.

- **Main functionalities:** Add, delete, edit you comments. Rate other comments.
- **Tech-Stack:** Typescript, React, Redux-Toolkit, Axios, Vite, MongoDB, NodeJS (Express)
- **Frontend:** <https://github.com/lamIGI/Interactive-comments-section-FRONTEND>
- **Backend:** <https://github.com/lamIGI/Interactive-comments-section-BACKEND>

LinkedInApp (Full-stack) - copy of the LinkedIn.

- **Tech-Stack:** Angular, RxJs, NeStJs, JWT
- **Github:** <https://github.com/lamIGI/LinkedInApp>
- **Project board:** <https://github.com/users/lamIGI/projects/6>

Other, smaller projects:

github: <https://github.com/lamIGI/>

- Multi Step form (Svelte, scss, rwd)
- IP Address Tracker (Svelte, leaflet-map, sass)
- Age Calculator (Svelte, scss, rwd)
- CountriesApp (React + Redux, Typescript, scss)

HOBBIES

Web development (Full Stack)

Dance (Salsa, modern dance)

Books (2 per months, mostly :))

Gym, Running

Playing the guitar

COURSES AND CERTIFICATES

Courses:

- **Complete React Developer in 2023 (w/ Redux, Hooks, GraphQL)** - Andrei Neagoie, Yihua Zhang, Zero To Mastery (current)
- **Understanding TypeScript - 2023 Edition** Maximilian Schwarzmüller
- **The Complete 2023 Web Development Bootcamp** Dr. Angela Yu
- **100 Days of Code: The Complete Python Pro Bootcamp for 2023** Dr. Angela Yu

Certificates:

- **"Web applications and databases development and database administration E.14"** - 03.2018
Organizer: District Examination Board Kraków
- **"Designing computer networks and network administration E.13"** - 08.2017
Organizer: District Examination Board Kraków
- **"Assemble and operate personal computers and peripherals E.12"** - 08.2016
Organizer: District Examination Board Kraków
